We, at SPIIL Mumbai, strive towards taking legal studies to an empirical level and promoting law as an area of enquiry and study far beyond the realms of classrooms.

This student-based organization of Government Law College, Mumbai has successfully organized several events, including a lecture on the working of the International Criminal Court by Professor William Burke White of the University of Pennsylvania, a Model United Nations - Student Exchange Program with students of the School of International Relations, Tehran and the Government Law College International Law Summit- which is held annually.

SPIIL, Mumbai also regularly organizes workshops on the basics of International Law, which have an overwhelming response from law students across colleges and holds various competitions, guest lectures, workshops and also publishes an International Law Journal.

Sports Law and Policy Review Reporter

Sports Law and Policy Review Reporter, 'SLPRR' in short is an initiative for building a platform which can facilitate academic research in the area of 'Sports & Law' or 'Sports Law'. The 'SLPRR' idea originated in a conversation about sports literature and availability of academic works in the field of Sports Law in India. As a multi-sporting country, the need for Sports Laws in India has become evident due to the commodification and commercialisation of Sports in the last few decades. SLPRR is a platform to encourage conversation about Sports Law, developments in the field and everything else related to it!

Created by two sportspersons, SLPRR aims to ultimately enable the development of Sports Jurisprudence to accommodate the general technicalities of Sports and the growing interrelation of Sports and Law; to ensure that research and academic works are brought to the fore-front of the discourse about Sports, owing to the crucial role they play in the profession. It is to be noted that especially in the Indian context, amidst the growing judicial intervention in recent years which has led to extensive reforms in the sports governing bodies, there is an imminent need for developing the discourse regarding 'Sports Law' and giving it due recognition to enable scholarships and advanced studies in this area. Academic research in this area will undoubtedly help in furthering the cause of Sports Law in India, from both public law as well as private law perspective. With a wide spectrum of issues involved in the realm of Sports Law, SLPRR's objective is to bring forward multiple opinions and viewpoints about relevant topics so as to do justice to this subject and help it become more noticeable in India.
